

How to Use Your Vision Care Benefits

Step 1. Review Your Plan Benefits

Review your plan benefits for details on your plan design and any applicable copays. You can find this in the **Benefits** section of our Web site.

Step 2. Find a Provider

You may easily locate providers near you by selecting the **Providers** option from the top menu on our Web site.

Step 3. Schedule Your Appointment

Once you chose a provider, call to schedule your appointment. Tell them you are a Lincoln VisionConnect plan member, give the primary insured's last name, patient's name and date of birth. If asked for member ID #, please provide that as well, it is located on your ID card below. To help the provider process your service through insurance you can take this ID card to your appointment.

Step 4. Get Your Eye Exam

Your eye doctor will give you a complete eye exam. This exam includes a case history and an exam for eye illness and vision impairment. If you need glasses or contact lenses, your provider will determine your specific prescription. If an illness or eye disorder is found you may be referred to your health plan for medical eye coverage.

Step 5. Choose Your Eyewear

If prescription eyewear is necessary, your provider will help you with your selection and order your prescription. Prescription eyewear includes eyeglasses and/or contacts depending on your plan coverage. If you have any questions or concerns about your glasses or contacts let your provider know. They are there to help you both during and after your appointment.

Out-of-Network Benefits*

You get the greatest cost savings with an in-network provider. If you'd prefer to see a provider outside of our network, most plans cover part of your exam and eyewear. You will be required to pay for your purchases at the time of service and request reimbursement from Lincoln VisionConnect. You can also check the out-of-network reimbursement link located on the Benefits page of our Web site for more information.
